## SNOW NO DAMPER TO RATIFICATION

Republican Jollification Will be Held  
Tonight as Planned, With Ex-  
ception of One Change.

### MEETING AT THE AUDITORIUM

Parade Will Follow Same Line of  
March, Except That it Will Turn  
Off at Sixth Street.

The weather will not put a damper  
on the republican jollification sched-  
uled for tonight. The only change in  
arrangements was the changing of  
the meeting from the coliseum to the  
Graham Annex auditorium.

The weather is entirely too cold to  
hold the meeting in the coliseum and  
for this reason the auditorium will  
be used. On account of the various  
special trains having been arranged  
for, the managers here believed it im-  
possible to call off the celebration,  
and will go ahead as originally  
planned. The attendance may be  
cut down somewhat but a large  
crowd is assured even if the weather  
is disagreeable.

The parade and line of march will  
be the same as announced last night,  
with the exception that it will turn  
off at Sixth street and go to the audi-  
torium instead of going to Ninth  
street and to the coliseum. The pa-  
rade will form in First street, west of  
Main and move east to Perkins, then  
north to Fifth, west in Fifth to Main,  
south in Main street to Second, east  
in Second to Perkins, then around  
the court house square and back  
northward in Main to Sixth street  
and east in Sixth street to the audi-  
torium.

A number of prominent republican  
leaders have promised to attend and  
it would have been almost impossible  
to call off the jollification, especially  
after all arrangements had been  
made. The special train from Rich-  
mond is scheduled to arrive at 7:15  
o'clock and the train from Shelby-  
ville at 7:30 o'clock. It is planned  
to start the parade not later than  
7:45 o'clock.

A delegation from Connersville has  
promised to come and will be accom-  
panied by the boy's band of that city.  
Many of the delegations called early  
this morning to find out if the cele-  
bration was a go. One of these was  
Fountaintown. The Fountaintown  
crowd will come back to the city with  
their bells, that attracted so much at-  
tention the afternoon that Mr. Wat-  
son spoke in this city.

Mr. Watson went to Indianapolis  
this morning to attend the luncheon  
given by Will H. Hays, republican  
state chairman, to all the candidates  
and party workers and will probably  
be accompanied home this evening by  
several of the prominent republicans.  
It is also likely that Mr. Hays  
will come here for the meeting to-  
night. County Chairman Fon Riggs  
also attended the luncheon today.

James P. Goodrich, governor-elect,  
will not be here because he was called  
to New York on business yester-  
day, and Harry S. New can't come  
because he went to northern Michi-  
gan for a rest the latter part of last  
week.

## CRAZED MAN SHOTS FOUR

Hobart Davis Runs Amuck at La-  
fayette State Soldiers' Home.

(By United Press.)  
Lafayette, Ind., Nov. 14.—Hobart  
Davis, crazed by jealousy and drink,  
shot four persons in the nurses' home  
of the Indiana State Soldiers home  
here last night and was not captured  
until he had been shot in the hip.

Miss Beatrice Capton, a nurse  
with whom Davis had been friendly,  
and James L. Bilderbeck were seri-  
ously wounded. Miss Capton was  
stabbed seventeen times. Miss Ber-  
tha Bilderbeck and James M. D.  
Griffin were slightly wounded.

## COMPLETED TO BIG FOUR

Paving of First Street Will Be Dis-  
Continued Until Next Spring

The paving of First street has  
been completed from Main street  
west to the Big Four railway. Part  
of the street has been opened and  
the entire street will be opened with-  
in a few days. One or two changes  
are to be made but these may be  
postponed until next spring. From  
the Pennsylvania railway west the  
street is to be macadam and the  
contractor will not start work on  
this part of the highway until next  
year.

## SNOW RIDES IN ON THE BACK OF A GALE

Near-Zero Temperature Accompan-  
ies Blizzard and Colder  
Weather is Promised

### MERCURY DOWN TO 20 ABOVE

(By United Press.)  
Chicago, Nov. 14.—Winty gales  
swept the entire west today, extend-  
ing as far south as the interior of  
Texas and southwest to the south-  
ern counties of California. A severe  
frost nipped fruits and vegetables.

Still colder weather is promised  
for tonight on the heels of that cold  
wave which arrived last night on the  
back of a blizzard that brought the  
first real snow of the winter of 1916  
-1917. The near-zero temperature  
will be abated to a degree by clear-  
ing skies, promised by the weather  
man and fulfilled this afternoon. Al-  
though the mercury refused to get  
above the 23 degrees mark all  
day, the bright sunshine helped out  
materially. Temperatures of twenty  
degrees above zero were reported  
this morning, which is a bit cold for  
the first winter weather of the sea-  
son.

Elwood Kirkwood, county weather  
observer for the United States de-  
partment of agriculture, reported a  
fall of 2 and a half inches of snow  
at Maury this morning, but it is  
doubtful if there was that much  
snow fell in Rushville. A high wind  
accompanied the snow last night  
and kept most people indoors.

## THREE SHERIFFS TO CANVAS VOTES

Official Count on Senatorial Race  
Will be Made at Greensburg  
Wednesday

### MUST GO TO OLDEST COUNTY

Because Decatur county is one  
year older than Rush county, the  
sheriffs of Rush, Decatur and Han-  
cock counties will meet in the court  
house in Greensburg tomorrow and  
canvass the vote on the joint-sen-  
atorial race. The law provides that  
the sheriffs of the district shall  
"meet between the hours of one  
and six in the afternoon in the  
court house of the oldest county in  
the district" on the second Wednes-  
day after the election.

Decatur county was formed in  
1821 and Rush county a year later  
and because of this the meeting  
will take place in Greensburg. The  
official canvass of the vote is not  
expected to change the result, which  
showed that Lem P. Dobyns of  
Greensburg had been elected over  
Howard Barrett of this city. Two  
years ago when Hancock, Rush and  
Fayette counties composed the dis-  
trict the canvass was made in Con-  
nersville.

## CITY PRIMARY NEXT ON SLATE

Political Parties Must Select Their  
Candidates as Was Done for  
National Election

### BEGIN FILING ON JANUARY 5

Candidates Allowed Sixty Days to  
Get Applications in—Primary  
is on March 6.

Since the advent of the primary  
law, elections in Indiana are no  
longer intermittent but continuous,  
persons who thought that with the  
passing of yesterday's election they  
had washed their hands of elections  
for another year at least, overlook-  
ed the fact that following in the  
wake of this election is the city  
election scheduled for November,  
1917.

The primary law makes no al-  
lowances for intermissions. Short  
breathing spells are granted the  
general public but the politicians  
and office-seekers must keep on.  
Their duties have been transform-  
ed into continuous operations.

The city primaries will be held  
this coming March. The candidates  
must file in January and the party  
leaders are compelled to make pre-  
parations at least a month earlier.

The matter of choosing candi-  
dates is already giving the leaders  
some concern. Tuesday's results  
possibly governed the decisions of a  
large number of persons who had  
political bees buzzing in their bon-  
nets.

In accordance with the provisions  
of the primary law the candidates  
may begin filing their declarations  
on January 5 which is sixty days  
before the primary. All declarations  
must be filed on or before February  
3rd, which is thirty days before the  
primary. The primary occurs March  
6th, which is the first Tuesday af-  
ter the first Monday.

The duties of the county officials  
in the general election will be per-  
formed by the respective city offi-  
cials in the city elections. The du-  
ties required of the clerk of the  
circuit court will be performed by  
the city clerk; the duties required  
of the county commissioners will be  
performed by the city council; the  
duties of the county sheriff will be  
performed by the chief of police,  
and the right of nominating election  
officers will be exercised by the  
chairman of the city committee. City  
boards of election commissioners will  
provide the necessary equipment for  
holding such primaries and the  
county commissioners and township  
trustees will provide the necessary  
election paraphernalia.

## CHARLES BROOKS, DEPUTY

Will be Assistant to George B.  
Moore, New Clerk of Court

George B. Moore, Jr., clerk-elect  
of the circuit court, has announced  
that Charles Brooks will be his de-  
puty. Mr. Brooks is a former re-  
corder of Rush county and is well  
qualified for the position. Mr. Moore  
and his deputy will take charge of  
the office on December 1, being the  
first of the newly elected officers to  
take office. For the past year Mr.  
Brooks has been in the bond busi-  
ness with A. C. Brown, representing  
the R. L. Dollings company. Other  
officers have not announced their  
appointments.

A penny supper will be given to-  
morrow evening at the St. Paul's  
M. E. church by the 1st division of  
the Ladies Aid society. Special pro-  
vision will be made for those wish-  
ing to come at six o'clock. Every-  
one is invited.

## LUTHER BURBANK HUMBLE CITIZEN

Dr. Edward Eccleston Describes  
Wizard of Plant Life in Lec-  
ture at Graham Annex

### PROCEEDS TO BUY HIS BOOKS

With Colored Slides Reveals Won-  
derful Accomplishments in  
"Hurrying Nature"

Even though he is a man of gen-  
ius with an uncanny power to in-  
terfere with nature and hurry and  
change her processes, Luther Bur-  
bank, the wizard of plant life, is a  
very humble citizen, according to  
Dr. Edward Eccleston, who lectured  
last night at the Graham Annex au-  
ditorium on the accomplishments of  
Mr. Burbank. The lecture was il-  
lustrated with colored slides, which  
made very realistic the many re-  
volutionary things that Mr. Bur-  
bank has done.

The proceeds of the lecture went  
towards the purchase of the Luther  
Burbank library of twelve large  
volumes for the use of the public  
schools of the city. The books con-  
tain colored illustrations of rare  
value.

"Mr. Burbank is very humble,"  
said the lecturer. "When asked a  
question, he says, 'I do not know,'  
if he doesn't, and if he believes he  
does he says, 'I think I do.' He  
seems to have an uncanny sense, an  
instinct to do the things he does."

One view revealed an immense  
plum orchard on the Burbank place  
in California in which are grown  
trees from which 29 species of  
plums have been taken.

"He has done something no other  
man has done," continued Dr. Ec-  
cleston, "he has hurried nature. It  
requires from four to six years for  
a cherry tree to produce fruit, but  
Mr. Burbank planted a cherry seed  
and in thirteen months the tree gave  
forth cherries." Dr. Eccleston then  
showed a picture of the "baby"  
cherry tree.

Sixteen years are required for a  
chestnut tree to bear nuts, but the  
Burbank lecturer displayed a pic-  
ture from the Burbank farm of a  
chestnut seven months old which  
bore 65 nuts.

"Mr. Burbank," continued the lec-  
turer, "thinks people should be  
surrounded by the beautiful in life  
and he has given as much time to  
flowers as to fruit. He took a daisy  
which is normally only three-fourths  
of an inch in diameter and experi-  
mented until he perfected a daisy  
five inches in diameter. After fif-  
teen years of labor, he developed the  
daisy with hundreds of petals,  
whereas normally the daisy petals  
are uniform and are not very num-  
erous."

Dr. Eccleston had slides illustrat-  
ing the development of the Burbank  
daisy and he also showed the won-  
derful development of the walnut  
tree, the perfected species being  
known as the Burbank royal black  
walnut. Trees of this kind are  
grown on the Burbank place 80 feet  
high, 24 inches in diameter and 72  
inches in circumference in a short  
period. The walnut, without assist-  
ance, would not reach that size in  
less than 150 years, Dr. Eccleston  
said.

The lecturer had some views of  
what he chose to call "submarine  
tomatoes"—tomatoes grown under-  
ground on a potato vine, and also  
razorback potatoes—potatoes grown  
above ground on a tomato vine.

Dr. Eccleston detailed the won-  
derful achievements of Mr. Burbank  
with flowers, by slides showing the  
comparison between the common  
species and the Burbank flowers,  
into which he had woven beautiful  
colors, never a suspicion of which

## TO RESTRAIN FARM TENANT

G. W. Thomas and S. W. Riley Bring  
Suit Against Frank Warrick

George W. Thomas and Samuel  
W. Riley have filed suit against  
Frank Warrick, asking for a re-  
straining order to prevent Warrick  
from pasturing cattle and hogs in  
a forty acre field of young rye.  
Thomas has a suit for possession  
of his farm pending in the circuit  
court against Warrick. The com-  
plaint alleges that Warrick has  
turned a large number of cattle and  
hogs in the field of rye and as the  
ground is soft the tramping of the  
cattle and hogs is damaging the  
stand of rye.

## START OUT TO SEE LITTLE OF WORLD

Lewis Stephen, 12, and Wade Byrd,  
14, Are Caught as They Leave  
Train at Richmond

### PARENTS KNEW NOTHING OF IT

Lewis Stephen, 12 years old, and  
Wade Byrd, 14, became tired of go-  
ing to school and started out yester-  
day to see a little of the world.  
They got as far as Richmond where  
they were picked up by the police  
as they got off a C. & O. freight  
train. The police here were notified  
and told the parents of the boys  
where they were even before the  
parents knew they had gone. The  
Stephen boy resides at 638 West  
Eighth street and the Byrd boy at  
1,025 North Arthur street.

They left here on a C. & W.  
freight, going to Cottage Grove  
where they caught a C. & O. train  
to Richmond. The boys did not  
show up at home after school and  
nothing was thought of it at the  
time. Before six o'clock the police  
had word as to where the boys  
were. The Stephen boy has run  
away from home before, but this  
was the first trip for the Byrd boy.

## U. S. TROOPS MAY LEAVE MEXICO SOON

Border Agreement Likely to be  
Reached by American-Mexi-  
can Commission at Once.

### CARRANZA TO CHASE BANDITS

(By United Press.)  
Atlantic City, N. J., Nov. 14.—  
General Pershing's column will be  
out of Mexico soon, if present plans  
of the American-Mexican peace  
commission materialize.

The commission proposes to reach  
a border agreement, probably before  
the week ends. With doubt over the  
election passed, the commission put  
in its finishing work.

As tentatively arranged, the  
border agreement will call for im-  
mediate or gradual retirement of  
Pershing's men below the boundary.  
In the meantime Carranza will en-  
deavor to show good faith by having  
government troops prosecute the  
hunt for bandits.

The proposed agreement will  
likewise go towards adequate secu-  
rity of the border, with the Mex-  
icans assuming a larger share of  
its protection.

Harry Davis of Connersville has  
accepted a position at the Ninety-  
Nine Cent store, replacing S. W.  
Camp, who has moved to Fort  
Wayne where he has another posi-  
tion.

—Mrs. S. O. VanOsdol of New-  
castle is here for a visit with her  
son, Dr. D. D. VanOsdol and family.

## TO INVESTIGATE THE CAMPAIGN

Senate Will Examine Expenditures  
of Both Parties, Administra-  
tion Leaders Declare

### CHARGES BY THE WHOLESALE

Department of Justice Promises to  
Get Violators of Federal  
Election Statutes

(By United Press.)  
Washington, Nov. 14.—A thor-  
ough investigation of campaign ex-  
penditures will be made by the United  
States senate at its coming ses-  
sion, it was announced today by ad-  
ministration leaders.

This would be the answer to the  
reluctance of the republican nation-  
al committee to accept the re-elec-  
tion of President Wilson. Adminis-  
tration leaders declared charges of  
both democrats and republicans of  
improper use of money already had  
made it necessary that the whole  
matter be sifted.

Administration men said they are  
receiving reports from all parts of  
the country indicating unprecedent-  
ed funds were thrown into doubtful  
states by the republican national  
committee.

In an official statement this af-  
ternoon the department of justice  
announced that the fact that the  
election has passed will in no  
way lessen the activity of the de-  
partment against violators of federal  
election statutes.

The department also put an ab-  
solute clamp on all further details  
of alleged violations, announcing  
that no further information would  
be given the public until prosecu-  
tion of the cases was actually be-  
gun. This action, it was explained  
was necessary to facilitate apprehen-  
sion of violators.

## CALLS CHARGE OF FRAUD A BIG JOKE

Republican State Committee Laughs  
at Rumored Contest of Wat-  
son's and New's Election

### DISPATCH FROM WASHINGTON

The Indianapolis Star today says  
that charges of fraud contained in a  
dispatch from Washington to the  
Chicago Tribune, were characterized  
as a "joke" last night at the head-  
quarters of the republican state  
committee.

The dispatch says that disgrunt-  
led democrats have made plans to  
contest the election of James E.  
Watson and Harry S. New of Indi-  
ana and Howard Sutherland of  
West Virginia to the United States  
senate. The dispatch continues:

"It is charged by democrats that  
\$2,000,000 was spent by the republic-  
ans of Indiana and a great quan-  
tity of money by the republicans in  
West Virginia and that negroes were  
illegally voted in both states. It is  
said that 2,000 negroes, many of  
whom recently migrated from the  
South, were colonized at Gary, Ind.,  
but the republicans got cold feet at  
the last moment and did not try to  
use them. In other places, however,  
many negroes not entitled to vote  
under the laws of Indiana and West  
Virginia, respectively, did vote."

Lafayette Johnson, a well known  
farmer living near Raleigh, has suf-  
fered considerable pain the last few  
days as the result of having been bit-  
ten on the hip by a mule. The teeth  
of the mule tore the ligaments and he  
has suffered great agony. The acci-  
dent occurred last Saturday.

**GRANDMOTHERS MEDICINES**

Our grandmothers were wise in the virtues of the herbs of the field. They used to gather and store roots and herbs and use them to cure the ailments of their families—wormwood, thoroughwort, sage, rue, camomile—the list might go on and on of the healing plants with which they made us familiar.

Now their grand-daughters get the extracts from just such good old roots and herbs, from the nearest druggist, ready prepared for use. One such medicine, which women find best for their own ailments, is the well-known Lydia E. Pinkham's Vegetable Compound—(Adv.)

Interurban Cars Collide at Yankeetown, Near Evansville, Today.

(By United Press.)  
Evansville, Ind., Nov. 14.—Eighteen persons were injured, two probably fatally, shortly after noon today when two interurban cars collided at Yankeetown, 12 miles from here. Mrs. Victor McCoy of Indianapolis was one of those fatally injured. The wreck occurred on the Rockport traction company's lines.

Mrs. Nancy Rich of Raleigh, who has been seriously ill for the past few days, remains about the same.

When you buy a range that has proved itself to be the best your money has been well invested. The MAJESTIC DEMONSTRATOR will, during the week commencing Nov. 13 show you why the MAJESTIC is the best, and why it actually saves you money.

# FARMER COULD SET NEW RECORD

Able to Do More Work Than Ever Before Since Taking Tanlac

Fort Wayne, Ind., Nov. 13.—During one of the many discussions held in this city each day regarding Tanlac, Fred Blum, a farmer, who lives on rural route No. 15, said:

"I had kidney trouble for fifteen years and muscular rheumatism also bothered me. Pains in the small of my back sometimes were so severe I couldn't rise. The rheumatic pains also were severe, especially in my knees and elbows.

"I believe I could do more work today than I ever did before in my life because since taking Tanlac I'm not bothered with troubles. The pains in my back have vanished entirely and the rheumatic pains are about gone. The results I have gained really are wonderful."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness and the like and is a fine blood purifier and a body builder. Tanlac is now sold exclusively in Rushville by F. E. Wolcott, in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's.—(Adv.)

# Opening Announcement Display of "Derryvale" Irish Linens

We have taken the exclusive agency for Rush County of "Derryvale" Irish Linens. For a long time we have sought for linens of exceptional worth, which could be sold at moderate prices. We have found them in "Derryvale" Linens.

THE LINEN INDUSTRY IS HUNDREDS OF YEARS OLD And some of the processes of manufacture have not been improved upon because they could not be. And this very set-ness has also marked the marketing methods, which were not the most economical.

"DERRYVALE" LINENS ARE SOLD DIRECT TO RETAIL STORES INSTEAD OF THROUGH MIDDLEMEN

This saves considerable cost; a saving we pass direct to you. We will be pleased to have every woman in this vicinity see these beautiful Linens and note well the low prices.

**Question of Citizenship.**

Just at this time the question of neutrality is claiming much attention, and the matter of the attitude of our government toward the warring nations of the Old World is one of deep concern. And owing to the fact that our government has had to settle some knotty international disputes arising from the war, a rather

mixed up condition of affairs is prevailing in this country.

The disputes with Germany and with England have developed a pro-German and an anti-German element, a pro-British and an anti-British. We are told that we must concede every claim of Germany or lose the sympathy of the German-Americans. We are also told we must conciliate British or alienate a large Anglo-American element.

Now the thought that naturally occurs to the patriotic American is: What is the attitude of these various elements toward our government? Are they American citizens or aliens? That is a question to be settled.

If this pro-German or pro-British element with whose vengeance we are threatened, are aliens—not American citizens—then their likes and dislikes are of small concern to us. If they do not like our attitude let them go back to their own country.

If, on the other hand, they are American citizens, then another and very large question arises. Are they citizens for revenue only—holding citizenship for the material good to be derived therefrom while their hearts and affections are with the old country? Then the sooner they come out in the open the better for this country. Are they here to cull the sweets of the land and refuse to take the bitter? It is their intention to enjoy the protection of our laws and our institutions while their hearts are with those who may at any day become our enemies?

To the man who has crossed the waters to cast his lot in America, citizenship should be the most precious of his possessions—is so to the man who is worthy of it. He should be as the bride who leaves her father's house to cast her lot with her chosen mate—for good or ill.

The man who takes citizenship should do so for good or for ill. One sentiment, and only one, should fire the heart of every American, native or naturalized, and that should be: "My country—may she always be right; but my country, right or wrong."

And, with due respect to the opinions of our political jingoes, we believe this is the sentiment of the great mass of our foreign born citizens. We can not believe they are more solicitous for the welfare of the land they have left than for the land that has afforded them a home and plenty. Naturally, fond memories cluster around the old home, but the allegiance of their manhood lies here.

And, should the occasion call for it, we believe that allegiance will hold firm.

### STUBBORN ECZEMA HEALED BY AMOLOX

The New Discovery for the Relief and Cure for Chronic Skin Diseases

We are daily receiving letters of praise from people who have been cured by Amolox. Many of them tell how, for years, they have tried different remedies and doctors in the vain effort to find relief. Some become discouraged and lost all hope of ever being cured. E. R. Frisbee, 187 Sycamore St., Mansfield, O., writes: "Our baby's face was covered with eczema scales, sores and scabs. She was a pitiable sight. We tried everything. Took her to Pittsburg doctors but were unable to find any relief until we used Amolox. It cured her within a short time."

Amolox Ointment alone will quickly banish pimples, blackheads and take out all redness of the skin and cure most forms of skin disease. Bad, chronic cases of Eczema, Psoriasis, Tetter, that have lasted for years, yield more quickly when both ointment and liquid are used.

Send postal for free sample to Amolox Laboratories, Youngstown, Ohio. Try Amolox today. Trial size 50c. If it fails to do what is claimed of it money will be cheerfully paid back by HARGROVE & MULLIN, Druggists, RUSHVILLE, INDIANA.

The offer of an \$8.00 set of kitchen ware FREE to every purchaser of a MAJESTIC during demonstration week is genuine. ### HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

H. Gilby, of Chicago, was visiting relatives in Corvallis while on her way to Shanghai, China, where her husband is manager of the Amos Bird Company, freezers of eggs.

Standing by itself that little personal item meant very little, but to one who thoughtfully considers its significance, it means much. Mr. Gilby went from Chicago, in the heart of one of the largest agricultural sections of the United States, to Shanghai, China, to engage in freezing Chinese eggs to be shipped to America to be sold in competition with the eggs produced by his former neighbors in Wisconsin, Illinois, Iowa, Ind., Mich., and all that agricultural territory tributary to the central metropolis. It was the removal of tariff on eggs that made it possible for the Chinese producer to sell his products in the United States. The removal of that tariff also induced the Amos Bird Company to take its good American money over to China to invest in the egg freezing business. Thus the Underwood law encouraged the development of Chinese industry and discouraged the farmers of the United States who sometimes find it difficult to get a profitable price for eggs, notwithstanding the high price the consumer usually pays, and is now paying.

The declaration of the Indianapolis Star that the election was not a vindication of the democratic party and its policies but a personal victory for Woodrow Wilson seems to be born out by returns. Latest advice are that the lower house of congress is republican by two votes.

The "high cost of living" is high enough to scare any one but a millionaire, and it is doubly so when waste and extravagance prevails in the kitchen. The cost of a bit wasted is not much in itself alone, but multiplied many fold it becomes a serious matter.

## DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

## RAILWAY STRIKE LOOMS UP AGAIN

Threatens to Overshadow Other Questions as it Did Near Close of Last Congress

### DEVELOPMENTS ARE AWAITED

(By United Press.) Washington, Nov. 14.—The railroad situation loomed up again today as threatening to overshadow, as it did in the closing day of congress, all other questions before the administration.

Conferences in New York between railroad heads and brotherhoods on the operation of the Adamson 8-hour law, having failed to bring an agreement, the administration is keeping a close eye on developments. It is the belief here that no complete disagreement can result between the employers and the men, with a consequent renewed call for a strike, without interference of President Wilson. The question of strike prevention is expected to be foremost among those discussed by the joint house and senate committee when it begins meeting here next Monday.

## TO FOLLOW LEAD OF WEST

Eastern Railroads Will Bring Suit to Test Adamson 8-Hour Law.

(By United Press.) New York, Nov. 14.—Eastern railroads are going to follow the lead of western roads and file suit to test the constitutionality of the Adamson 8-hour law, according to rumors in railroad circles here today. Within the next ten days regardless of action of the brotherhoods, it is expected these suits will be filed.

## Why Shamed by Blotchy Skin

If you are a sufferer from Eczema or unsightly pimply skin, you know just what it means to have that humiliating, backward feeling about meeting strangers and oftentimes friends. Many a time you have looked into the mirror and wished that your skin would be like other people that you know, "without a blemish." This wish can be yours for the asking. If you will go to the druggist and procure a bottle of D. D. D., the greatest of all skin remedies, apply it according to directions, in a short time your skin will be as soft as velvet. Come in and ask for a bottle today on our money-back guarantee. Ask also about D. D. D. Soap, that keeps the skin healthy.

## CAN LIMIT TRADE OF HER SUBJECTS

Great Britain Insists She Has This Right in Reply to American Blacklist Protest

### TO BE NO SECOND BOYCOTT

(By United Press.) Washington, Nov. 14.—Great Britain insists she has the right to limit the trade of British subjects. This is the tenor of the British reply to the American protest against the black list, it was learned today. This reply will be made public tomorrow.

It is understood, however, that the British government declares there will be no amplification of a second boycott of purely American firms which may have some connection with blacklisted firms. This is to apply so long as no American firms attempt to act as a blind agent for a blacklisted firm.

Comparatively few people realize that a cold is a signal of physical weakness. To treat a cold with weakening physics, alcoholic syrups or drugged pills, may smother the cold but they also reduce the body powers still further and invite more serious sickness.

## TO MAKE LAW WORTHLESS

Plan of Railroads if Hughes Won, Railroad Men Declare

(By United Press.) New York, Nov. 14.—That the railroads hoped for some way out of making the Adamson law effective in event of Hughes' election is the belief today of high railroad brotherhood men. Some of them declared secretly that yesterday's conference over operation of the law was called solely because President Wilson was re-elected. On the other hand, they charged that the railroads hoped for a change in the law if Hughes was elected.

## RULES AGAINST COUNTY HOSPITAL

The county hospital project, which has been one of the bugbears hot on the trail of the county commissioners for more than a year, received a setback Tuesday morning at the hands of Judge Sparks of the Rushville circuit court, who sustained a demurrer to the complaint filed by the defendants, says the Newcastle Courier.

Judge Sparks who was chosen to hear the arguments in this case, Tuesday morning upheld the contentions of the county in its defense against the suit brought last spring by local doctors to force the county to go ahead with the project and erect a county hospital.

The demurrer claimed that the act of the county commissioners was purely a ministerial act and not a judicial one, and therefore the commissioners had power to revise, revoke or modify, and that the action of the commissioners in revoking the order entirely was perfectly legal.

The plaintiffs contended that the act was judicial and could not be revoked by the commissioners, taking the stand that the order once said could not be taken back. The court ruled that the costs be assessed against the plaintiffs.

Band of Workers, with Mrs. B. O. Simpson and Mrs. Laura Carmichael at 433 North Main street, in the afternoon.

Ladies Aid society of the First Baptist church, with Mrs. B. W. Reynolds, at her home in West Fifth street in the afternoon.

The meeting of the Wednesday Afternoon Card Club, which was to have been held with Mrs. Rich Reed tomorrow afternoon, has been postponed for two weeks.

Mr. and Mrs. Sam Brannam and daughter, Nellie, and Mr. and Mrs. George Lowden were the dinner-guests Sunday of Mr. and Mrs. John T. Cassidy of southeast of the city.

Mr. and Mrs. Ben Humes entertained at their country home south of the city Sunday evening at supper when their guests were Mr. and Mrs. Louis Mauzy, Miss Helen Seudder, Miss Jeanette Clark, Scott Buell and Robert Humes.

Mr. and Mrs. George Sness, Mr. and Mrs. O. P. Wamsley and daughter Kathryn, John D. Hiner and Mrs. Edward Stumpf of Cleveland motored to the home of the Rev. and Mrs. J. T. Seull near Milroy Sunday evening where they were entertained at dinner.

Mr. and Mrs. William Angle entertained at their country home northwest of the city Sunday, Mr. and Mrs. Walter Brodie and son, Paul, of New Salem, Mrs. William Stuttle of Wichita, Kan., Mr. and Mrs. Nick Lecker and sons, Claude, Wilbur, and Harry, of Milroy, and Mr. and Mrs. Roy Angle of this city.

Mr. and Mrs. Homer Nash entertained at their home north of the city a number of their friends and relatives at dinner Sunday. Those enjoying the elegant repast which was served were Mr. and Mrs. William Perry, Mrs. James Clemons, Mr. and Mrs. Frank Sefton, Mr. and Mrs. Charles Clemons and family and Mrs. Williams of Greensburg, Mr. and Mrs. Walter Sefton of Milroy, Mrs. O. L. Nash and Mr. and Mrs. Voorhees Cavitt of this city.

An enthusiastic meeting of the "Wide Awakes" was held with Miss Virginia Haydon at her home in North Main street last evening. The Sunday school class of the St. Paul's M. E. church taught by Miss Helen Seudder was so named last

evening. The class was recently made into an organization and will meet regularly. Fourteen members of the class were present last evening. Games were played and a general good time was enjoyed. The hostess served dainty refreshments.

One hundred friends of Mr. and Mrs. John Herkless surprised them at their beautiful country home near Mays Saturday evening in honor of their fifteenth wedding anniversary. The affair was a complete surprise to Mr. and Mrs. Herkless when the crowd of friends burst in upon them, bringing with them baskets containing an elegant supper. This was served and a jolly evening ensued. Mr. and Mrs. Herkless received a large number of beautiful gifts.

Although the inclemency of the weather prevented a large number of the members from attending the meeting of the B. Y. C. D. class held with Mrs. Mae Lancaster last evening, an interesting meeting was held. Although there was no formal business discussion, indefinite plans for making more money and schemes were suggested and discussed. These will be taken up more definitely when the basement of the new church is completed. The hostess served delicious refreshments. The next meeting of the class will be in two weeks and the place of meeting will be announced later.

The talk given by Mrs. MenMuir at the meeting of the Queen Esther Circle at the home of Miss Gladys Bebout in North Perkins street last evening made the evening a very profitable one. Beginning with the story of Queen Esther, she recited it in an interesting way, then merged into the formation of the Queen Esther Circle. The work that this branch of the Home Missionary society is accomplishing was complimented by Mrs. MenMuir. In emphasizing this, she read a number of clippings from the Home Missionary society paper giving the work that young people were accomplishing in missions all over the world. During the business session, following the program, a program committee and ways and means committee were appointed. A beautiful duet was sung by Miss Louise Poe and Miss Esther Anderson and Miss Lois Reeves played a lovely violin solo. During the course of Mrs. MenMuir's talk, she asked the girls to sing the Queen Esther song. Each of the members was allowed to invite one guest, making about twenty present. The hostess served delicious refreshments. The next meeting of the Circle will be in one month.

The excellent program given at the meeting of the Young Ladies Mission Circle of the Christian church at the home of Mrs. Wilford Grindle in North Main street last evening, made it an especially profitable meeting. Miss Emma Casady gave a report of the missionary convention at Des Moines, Iowa, deal-

ing particularly with the part of interest to the Circle. Miss Florene Gronier had charge of the Bible Study on Abraham; Mrs. Charles Boys gave an interesting discussion of "Our Neglected Sister Mexico"; and a beautiful piano duet was played by Mrs. Wilbur Wilson and Miss Hazel Woollen.

A vote of praise and appreciation was offered to Mrs. J. D. Case for her appointment to the national executive board of the Missionary society. Rather indefinite plans were discussed for spending a day at the College of Missions in Indianapolis in the spring. At this time the members of the local Circle will motor to Indianapolis, and have the teachers and students of the College of Missions as their guests at a picnic dinner. Dainty refreshments were served at the meeting last evening by the hostesses who were Mrs. Grindle, Mrs. Ida Bearinger, Miss Lillian and Miss Ruth Bennett and Miss Emma Casady. The next meeting will be at the home of Miss Marie Clawson in one month.

"Modern Music" furnished the program for the Ladies Musicales given at the court house in the assembly room yesterday afternoon before an excellent attendance of the organization. Miss Alice Norris and Mrs. F. E. Wolcott planned the program which was a musical treat from beginning to end. The numbers included: piano quartette, "Caliph of Bagdad" by Boieldieu, by Mrs. Aldridge, Miss Jennie Madden, Miss Olive Buell and Miss Alice Norris; vocal solo, "Bedouin Love Song" by Pinsuti, by Mrs. Roy Magill; paper on "Modern Music" by Mrs. J. T. Paxton; piano solo, "Concert Study" by Listz, by Mrs. Parke; vocal duet, "The Harp of the Winds" by Frank Abt, by Mrs. Esther McCloud and Mrs. George Wiltse; piano solo, "Arabesque," by B. Wendell, by Miss Charlotte Tribbey; "Sunset and Evening Star" double quartette by Mrs. Whitsitt, Mrs. McCloud, Mrs. Wiltse, Mrs. Wolcott, Mrs. George, Miss Leonora Norris and Mrs. Nora Morgan; piano duet, "Mazurka" by Nevin, by Miss Fannie Stiers and Miss Helen Black; vocal solo "Valley of Laughter" by Sanderson, by Mrs. Charles Offutt; reading by Miss Frances Frazee; vocal solo, "Chain of Roses" by Ed Tschemacher, by Mrs. Frances Moor; piano quartette, "Gallop de Concert" by Milge, by Mrs. Aldridge, Miss Jennie Madden, Miss Alice Norris and Miss Olive Buell.

Pink and white was the pretty color scheme carried out at the meeting of the O. N. T. Club this afternoon at the home of Mrs. George F. Moore in East Sixth street. Chrysanthemums and carnations of these shades formed the many bouquets brightening the rooms. After a pleasant social afternoon together, the hostess served a delicious luncheon in which pink and white was also daintily carried out. The next meeting will be held with Mrs. George Osborn in two weeks.

The first meeting of the D. A. R. for the fall season will be held Thursday afternoon at the home of the regent, Mrs. Capitola Dill, in North Morgan street. At this meeting a report on the state conference will be given and Miss Emma Casady will read a paper on "Our Southern Mountaineers." This will be followed by a social hour. Mrs. Dill will be assisted by Mrs. Sadie Allen, Mrs. Mildred Amos, Mrs. Eva Ball and Mrs. Mable Bever. A business meeting will be held before the program and all of the officers are asked to come early.

The pretty country home of Mr. and Mrs. Albert Brannam was the scene of a delightful affair last night when they and their daughter, Miss Nelle entertained at six o'clock dinner the following guests: Mr. and Mrs. George Loudon and Mr. and Mrs. J. B. Hall and children, Betty Jane and Hugh. The table was adorned with pink and white blossoms and ferns.

Miss Frances Frazee attended the meeting of the Woman's Press Club of Indiana, of which she was recently elected a member, at the Se. in Hotel in Indianapolis today.

Dr. Gilbert's Sunday school class will have a Thimble party next Tuesday afternoon at the home of Miss Lucy Inlow, in North Perkins street.

## This Is A Complete Girl's Store

Everything that girls wear is to be found here in ample assortments, in a full range of sizes and prices and in qualities unquestioned.

The same care and discrimination is used in the selection of girl's wear as in that of ladies. This means that the school girl is permitted to partake of the same style and individuality as does her mother. When you next contemplate making new garments for your daughter, first see those that we offer you ready-made; note the style that you cannot possibly obtain; note that the fabrics are the very best; and then compare the prices of the finished product. Ready-made garments for girls are as far ahead of those made at home as the automobile is ahead of the horse-drawn vehicle.

## NO TOUCHDOWN IN EIGHT YEARS

While Navy Has Won From Army Several Times They Did It by Kicking.

OUT FOR REVENGE THIS YEAR

Annual Game at Polo Grounds Nov. 25 Promises to be Hard Fought as Usual.

(W. F. Staff Correspondent.)  
New York, Nov. 14.—When the Army and Navy football teams go into action for their annual meeting at the Polo Grounds on Nov. 25, there will be a goal besides victory for which the Navy probably will play as hard as for victory.

Victory can come by drop-kicks, place-kicks, or safeties, but a touchdown is a touchdown, and the Navy hasn't put over one of that kind of scores on the Army since 1907 when Capt. Ben Douglas had the pleasure of falling over the Army goal line.

The middies have a stronger scoring team this year than has represented the Annapolis school for some time, so it is reasonable to believe they will be able to put a dent in the Cadets' goal. They were equal to the task of slapping a close score against the powerful Pittsburg eleven, and with this to go on it is able to hold them entirely free from a touchdown.

Many a football star has had a chance to plant a football between the Army goal posts for the Navy since Douglas laid over that touchdown, but four classes have ambled their way through the school and out into their duties aboard Uncle Sam's battleships without seeing the Navy teams accomplish that touchdown.

Defeat hasn't been their lot in those intervening years every year. Field goals have brought the future admirals victory three times in the seven games played since then. In 1908 Lange kicked a goal from placement, but the Navy lost, 6 to 4, field goals counting four points at that stage of football. The 1909 game was called off because of a death at West Point. In 1910 Dalton booted one over the Army goal posts and the Navy won, 3 to 10. In 1911 Dalton repeated his stunt and the Navy won by the same score. Brown made two field goals in the 1912 game and the Middies won their third consecutive victory, 6 to 0.

The 1912 game was the last to go to Annapolis. In 1913 Brown three times sent the oval over the Army goal posts, but it wasn't enough, the Army winning, 22 to 9. In 1904 and in 1915 the Army won.

## SENATOR TAGGART OPENS APPLE SHOW

Delivers Address at Start of Annual Event—Good Display Despite Shortage.

PRIZES AMOUNT TO \$2,000

(By United Press.)  
West Baden, Ind., Nov. 14.—Senator Thomas Taggart delivered the address opening the annual apple show of the Indiana Horticultural Society here today. In spite of the fact that there was a shortage of the Indiana apple crop this year, the exhibits were large enough to fill the entire atrium of the West Baden Springs hotel. The atrium covers three fourths of an acre. This year the variety lists were enlarged and the exhibits were divided into classes to accommodate growers of more different kinds.

More than \$2,000 are offered as prizes. The list of big prizes has made the display one of the leading events in appledom of the United States. It is annually attended by apple growers, apple buyers and apple eaters from the Rocky Mountains to the Alleghenies.

"John you go right over to the drug store and get me something for this cold, I feel so miserable and all fagged out." (John goes to the nearest drug store and gets a bottle of Dr. King's New Discovery for coughs and colds.)

"I'm so glad you got Dr. King's New Discovery, John. Why I remember when I was a little girl how mother used to give me this for colds, it's certainly pleasant to take and soothes the irritated throat and relieves the congestion, the first spoonful makes me feel better already."

John says: "The druggist told me that Dr. King's New Discovery was an old preparation and that he had sold it as long as he has had the store and when he used to be a drug clerk. He felt pretty sure it would fix your cold and I had seen it advertised. Glad you found an old friend." You try it.

## GOEDS SPEND MORE THAN LUSTY YOUTHS

Girl Students at Minnesota University Freer With Money According to Statistics.

### GRADUATED DENTISTS HIGH

(By United Press.)

Minneapolis, Minn., Nov. 14.—Girl students at the University of Minnesota spend more money than male students. This is shown today from figures compiled by the University. These show that girls pay \$118 a year for clothing, finery and the like, and only \$24 a year for books. Men pay \$62 a year for clothes, and \$44 for books. Girls pay more for board and room. But for miscellaneous expenses and recreation, the boys, on the average "goats" for the girls' theatre tickets and the like, spend \$62 a year while the girls spend \$50.

It costs \$456 a year to produce a graduated dentist, while a chemist gets by for \$369 and an agriculturist shakes dad down for only an average of \$441.

### KIPLING WAS RIGHT

Greensburg, Ind., Nov. 14.—Kipling was right when he said "the female of the species is more deadly than the male," when the statement is applied to the human race. This verdict was rendered by William Bennett who witnessed a real scrap between a man and his wife in a depot here. The woman became angry at her husband about a trivial matter and with one man as witness and referee, she administered a severe defeat.

### Asthma Sufferer

Write today, I will tell you, free of charge, of a simple home treatment for asthma which cured me after physicians and change of climate failed. I am so grateful for my present good health, after years of suffering, that I want everyone to know of this wonderful treatment. Mrs. Nellie Evans, 555, R. 26, Des Moines, Iowa.—Adv.

## DR. FRUTH

is direct from NEW YORK CITY

where he has had the advantage of training in the largest hospitals which are devoted to the treatment of Chronic Diseases and Disorders. In addition he is a graduate of one of the largest General Hospitals in New York City, as well as being a duly graduated and licensed physician in the State of Indiana. This training combined with a number of years experience and practice has served to make Dr. Fruth thoroughly proficient and expert in the treatment of all long standing and persistent Chronic Diseases. His methods of treatment are the latest and most modern known to science and which in his own enormous experience have been absolutely successful. Every patient who consults this Specialist is given a thorough and exact explanation of their condition, and incurable conditions or diseases for which nothing can be done are not accepted for treatment.

### Dr. Fruth Succeeds Where Others Have Failed

If you have suffered for months or years with a Chronic Affliction, you owe it to your own best interests to consult a Specialist who has fitted himself by years of study, training and experience to treat you correctly and therefore successfully. Do not delay but arrange to see Dr. Fruth at your very earliest opportunity, for the earlier any disease is properly treated the more assurance that it will be promptly and permanently cured.

### The Following Diseases, Disorders, Conditions and Ailments are Scientifically and Successfully Treated

The Glory of Pioneering. "Billowy prairies spreading afar, Vanishing hills where all my loved ones are. Shall I return while yet 'tis day. Or shall I enter upon the unknown way."

This song of the pioneers must have helped them greatly when they were dubious whether to continue on their hard way or return home to their loved ones.

Three cheers for these brave men who sacrificed homes and families, journeying into the far wastes for civilization's sake. When we celebrate the birthdays of the great men of our country let us not forget the unknown heroes who died alone and unknown on the great plains in order that habitation might extend into the far West.

While both Washington, "The Father of His Country," and Lincoln, "The Savior of His Country," deserve unlimited glory, neither of them had hardships surpassing those which many pioneers endured in their ceaseless labors on the great wastes.

Were it not for the pioneers who braved the dangers of the wilds,

traveling on horseback and in prairie wagons, riding far into the night and camping by some forest's edge until early morning when they might again continue their hard journey, the great western cities would be wild plains. There would be for us no wonderful Yellowstone Park or Sunny California. The United States would extend half way across the continent only—no further than the great mountains which we love so well now we have conquered them.

Hats off, we cry, to the brave men who performed the daring feats which have made all this possible. We envy the honor given every man or woman who has done anything for the betterment of our wonderful land. No glory can be taken from them, while we, enjoying their achievements, are a bit disappointed that we can not show our mettle like them.

But cheer up. We can be pioneers in a different sort of way—in studies and research and social betterment. So there lies some glory for us too—without the hardships, perhaps, but with the same opportunity to win the admiration of posterity.

# ADMISSION DAY TO BE OBSERVED

Indiana Historical Commission  
Sends Out Call For Celebrations of 100th Anniversary

DECEMBER 11 IS THE DATE

Centennial Chairmen in Each County  
Urged to Attach Special Significance to It

Indiana has this year seen a great outburst of state loyalty and patriotic enthusiasm occasioned by the observance of its one hundredth anniversary. Results of great significance to the citizenship of the State have been attained and the Indiana Historical Commission looks with much satisfaction, therefore, upon the work which has been accomplished under its auspices. To all those who have heartily co-operated toward this success, the Commission feels warmly grateful. The Commission continues in a bulletin on this subject:

While it is felt that the substantial work laid out for the year has been largely performed, the Commission calls general attention to the fact that Admission Day, December 11, should be widely observed over the State, in accordance with Governor Ralston's proclamation making it a public holiday. It is therefore requested that appropriate Admission Day exercises be held throughout Indiana. These need not be elaborate at all, especially in those counties which have had adequate Centennial celebrations. But in all counties it would certainly be fitting to hold simple, dignified services in commemoration of the formal admission of our Commonwealth into the Union. Such should naturally be arranged by the county chairmen, especially when held as county observances.

In addition to this, it is suggested that the schools hold exercises. In some cases it may be advantageous to combine that of the school with that of the community as a whole. As a tentative program for the schools the Commission has prepared an outline which may be found in the Teachers' Manual of uniform course of study, page 198, and Teachers' Institute outline for 1916-17, pages 49-50, issued by the State Board of Education. Patriotic and civic organizations and clubs are likewise encouraged to observe the day especially where only initiative is not taken. For such, the aforementioned outlined program may offer some helpful ideas. The Commission has this general recommendation to offer—that these Admission Day exercises be community, home product, affairs, as regards those participating. Whether it be in the speeches or music or other contributions, may it be a home tribute by home people.

Finally it is recommended that on December 11, the Stars and Stripes be displayed, not only by public and business houses but by Hoosier homes, throughout Indiana

# DECREE EFFECTIVE TODAY

Mining Interests Watch Outcome of Carranza's Order.

(By United Press.)  
Washington, Nov. 14.—What is generally considered one of First Chief Carranza's most important decrees—the one to mine owners in Mexico to either resume work or forfeit their property becomes effective today. It was issued September 14 and made effective at the end of sixty days.

Holders of mine property in Mexico have taken a lively interest in the decree but have been unable to learn anything about the action the government will take. Many have been unable to do as directed.

# INSPECTORS NOW WATCH DANCERS

You Don't Have to Watch Your Step in Cleveland Dance Halls—Has 30 Assistants.

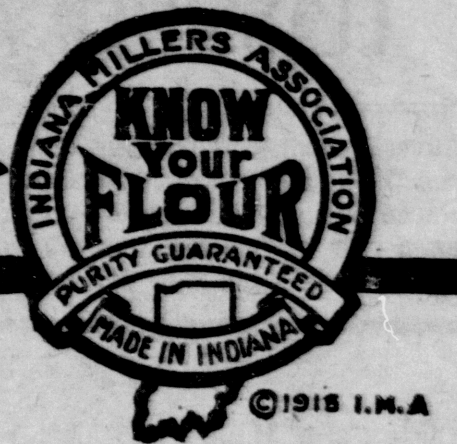

THEY FOLLOW SET OF RULES

(By United Press.)  
Cleveland, O., Nov. 14.—You don't have to watch your step when you dance in Cleveland. Dance Hall Inspector Johnson will do it for you. With his little book on rules, Inspector Johnson attends all public dances and turns on the "sun" when he finds "moonlight dances" in progress.

Today Inspector Johnson lined up thirty patrolmen, who are to assist him, during the season and demonstrated his rules.

"No flirting or spooning," charged Johnson, "and see that Rule 21 is observed."

In the code book Rule 21 reads:—"All dancers must keep their hands above the waist line of their partners."

## Ask For Reasons

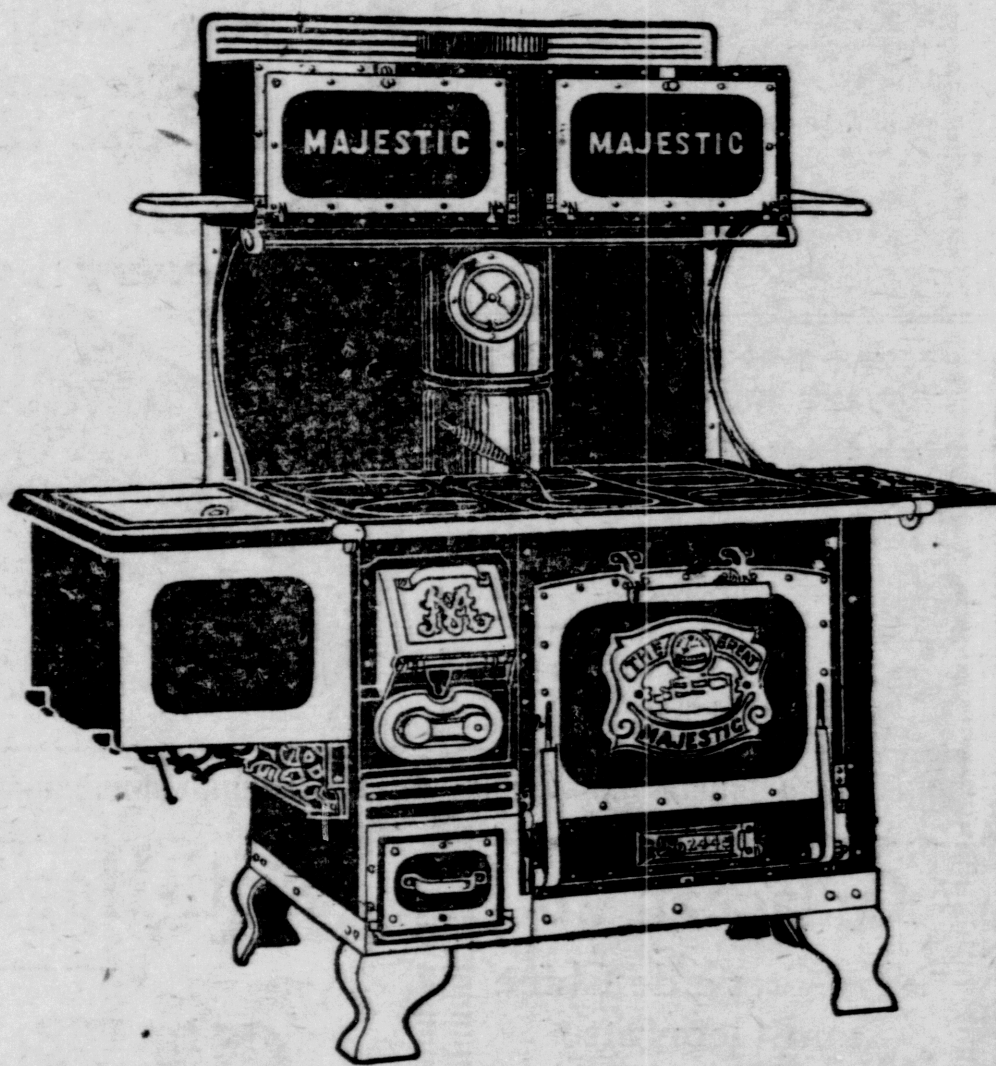

Do not simply take anyone's word for it that any particular flour is best. Find out what it is good for. Ask for reasons. If answers seem good, try the flour. Settle the flour question for yourself.

## Use Indiana Guarantee-Labeled Flour

Soft winter wheat flour, made in Indiana, is best for you because it is easiest to handle, because it gives a finer flavor to your baking, and because you can use it successfully for bread, rolls, cakes, and pastries. It is an all-purpose flour. Use it and see if it won't help you to settle the flour question yourself. The "Know Your Flour" label is your guarantee of purity and quality in flour made in Indiana.

## SNOW NO DAMPER TO RATIFICATION

Republican Jollification Will be Held Tonight as Planned, With Exception of One Change.

### MEETING AT THE AUDITORIUM

Parade Will Follow Same Line of March, Except That it Will Turn Off at Sixth Street.

The weather will not put a damper on the republican jollification scheduled for tonight. The only change in arrangements was the changing of the meeting from the coliseum to the Graham Annex auditorium.

The weather is entirely too cold to hold the meeting in the coliseum and for this reason the auditorium will be used. On account of the various special trains having been arranged for, the managers here believed it impossible to call off the celebration, and will go ahead as originally planned. The attendance may be cut down somewhat but a large crowd is assured even if the weather is disagreeable.

The parade and line of march will be the same as announced last night, with the exception that it will turn off at Sixth street and go to the auditorium instead of going to Ninth street and to the coliseum. The parade will form in First street, west of Main and move east to Perkins, then north to Fifth, west in Fifth to Main, south in Main street to Second, east in Second to Perkins, then around the court house square and back northward in Main to Sixth street and east in Sixth street to the auditorium.

A number of prominent republican leaders have promised to attend and it would have been almost impossible to call off the jollification, especially after all arrangements had been made. The special train from Richmond is scheduled to arrive at 7:15 o'clock and the train from Shelbyville at 7:30 o'clock. It is planned to start the parade not later than 7:45 o'clock.

A delegation from Connersville has promised to come and will be accompanied by the boy's band of that city. Many of the delegations called early this morning to find out if the celebration was a go. One of these was Fountaintown. The Fountaintown crowd will come back to the city with their bells, that attracted so much attention the afternoon that Mr. Watson spoke in this city.

Mr. Watson went to Indianapolis this morning to attend the luncheon given by Will H. Hays, republican state chairman, to all the candidates and party workers and will probably be accompanied home this evening by several of the prominent republicans. It is also likely that Mr. Hays will come here for the meeting tonight. County Chairman Fon Riggs also attended the luncheon today.

James P. Goodrich, governor-elect, will not be here because he was called to New York on business yesterday, and Harry S. New can't come because he went to northern Michigan for a rest the latter part of last week.

## GRAZED MAN SHOTS FOUR

Hobart Davis Runs Amuck at Lafayette State Soldiers' Home.

(By United Press.)  
Lafayette, Ind., Nov. 14.—Hobart Davis, crazed by jealousy and drink, shot four persons in the nurses' home of the Indiana State Soldiers' home here last night and was not captured until he had been shot in the hip.

Miss Beatrice Capton, a nurse with whom Davis had been friendly, and James L. Bilderbeck were seriously wounded. Miss Capton was stabbed seventeen times. Miss Bertha Bilderbeck and James M. D. Griffin were slightly wounded.

## COMPLETED TO BIG FOUR

Paving of First Street Will be Discontinued Until Next Spring

The paving of First street has been completed from Main street west to the Big Four railway. Part of the street has been opened and the entire street will be opened within a few days. One or two changes are to be made but these may be postponed until next spring. From the Pennsylvania railway west the street is to be macadam and the contractor will not start work on this part of the highway until next year.

## SNOW RIDES IN ON THE BACK OF A GALE

Near-Zero Temperature Accompanies Blizzard and Colder Weather is Promised

### MERCURY DOWN TO 20 ABOVE

#### WINTER ARRIVES

(By United Press.)  
Chicago, Nov. 14.—Winty gales swept the entire west today, extending as far south as the interior of Texas and southwest to the southern counties of California. A severe frost nipped fruits and vegetables.

Still colder weather is promised for tonight on the heels of that cold wave which arrived last night on the back of a blizzard that brought the first real snow of the winter of 1916-1917. The near-zero temperature will be abated to a degree by clearing skies, promised by the weather man and fulfilled this afternoon. Although the mercury refused to get above the 23 degrees mark all day, the bright sunshine helped out materially. Temperatures of twenty degrees above zero were reported this morning, which is a bit cold for the first winter weather of the season.

Elwood Kirkwood, county weather observer for the United States department of agriculture, reported a fall of 2 and a half inches of snow at Maunzy this morning, but it is doubtful if there was that much snow fell in Rushville. A high wind accompanied the snow last night and kept most people indoors.

## THREE SHERIFFS TO CANVAS VOTES

Official Count on Senatorial Race Will be Made at Greensburg Wednesday

### MUST GO TO OLDEST COUNTY

Because Decatur county is one year older than Rush county, the sheriffs of Rush, Decatur and Hancock counties will meet in the court house in Greensburg tomorrow and canvass the vote on the joint-senatorial race. The law provides that the sheriffs of the district shall "meet between the hours of one and six in the afternoon in the court house of the oldest county in the district" on the second Wednesday after the election.

Decatur county was formed in 1821 and Rush county a year later and because of this the meeting will take place in Greensburg. The official canvass of the vote is not expected to change the result, which showed that Lem P. Dobyns of Greensburg had been elected over Howard Barrett of this city. Two years ago when Hancock, Rush and Payette counties composed the district the canvass was made in Connersville.

## CITY PRIMARY NEXT ON SLATE

Political Parties Must Select Their Candidates as Was Done for National Election

### BEGIN FILING ON JANUARY 5

Candidates Allowed Sixty Days to Get Applications in—Primary is on March 6.

Since the advent of the primary law, elections in Indiana are no longer intermittent but continuous, persons who thought that with the passing of yesterday's election they had washed their hands of elections for another year at least, overlooked the fact that following in the wake of this election is the city election scheduled for November, 1917.

The primary law makes no allowances for intermissions. Short breathing spells are granted the general public but the politicians and office-seekers must keep on. Their duties have been transformed into continuous operations.

The city primaries will be held this coming March. The candidates must file in January and the party leaders are compelled to make preparations at least a month earlier.

The matter of choosing candidates is already giving the leaders some concern. Tuesday's results possibly governed the decisions of a large number of persons who had political bees buzzing in their bonnets.

In accordance with the provisions of the primary law the candidates may begin filing their declarations on January 5 which is sixty days before the primary. All declarations must be filed on or before February 3rd, which is thirty days before the primary. The primary occurs March 6th, which is the first Tuesday after the first Monday.

The duties of the county officials in the general election will be performed by the respective city officials in the city elections. The duties required of the clerk of the circuit court will be performed by the city clerk; the duties required of the county commissioners will be performed by the city council; the duties of the county sheriff will be performed by the chief of police, and the right of nominating election officers will be exercised by the chairman of the city committee. City boards of election commissioners will provide the necessary equipment for holding such primaries and the county commissioners and township trustees will provide the necessary election paraphernalia.

## CHARLES BROOKS, DEPUTY

Will be Assistant to George B. Moore, New Clerk of Court

George B. Moore, Jr., clerk-elect of the circuit court, has announced that Charles Brooks will be his deputy. Mr. Brooks is a former recorder of Rush county and is well qualified for the position. Mr. Moore and his deputy will take charge of the office on December 1, being the first of the newly elected officers to take office. For the past year Mr. Brooks has been in the bond business with A. C. Brown, representing the R. L. Dollings company. Other officers have not announced their appointments.

A penny supper will be given tomorrow evening at the St. Paul's M. E. church by the 1st division of the Ladies Aid society. Special provision will be made for those wishing to come at six o'clock. Everyone is invited.

## LUTHER BURBANK HUMBLE CITIZEN

Dr. Edward Eccleston Describes Wizard of Plant Life in Lecture at Graham Annex

### PROCEEDS TO BUY HIS BOOKS

With Colored Slides Reveals Wonderful Accomplishments in "Hurrying Nature"

Even though he is a man of genius with an uncanny power to interfere with nature and hurry and change her processes, Luther Burbank, the wizard of plant life, is a very humble citizen, according to Dr. Edward Eccleston, who lectured last night at the Graham Annex auditorium on the accomplishments of Mr. Burbank. The lecture was illustrated with colored slides, which made very realistic the many revolutionary things that Mr. Burbank has done.

The proceeds of the lecture went towards the purchase of the Luther Burbank library of twelve large volumes for the use of the public schools of the city. The books contain colored illustrations of rare value.

"Mr. Burbank is very humble," said the lecturer. "When asked a question, he says, 'I do not know, if he doesn't, and if he believes he does he says, 'I think I do.' He seems to have an uncanny sense, an instinct to do the things he does."

One view revealed an immense plum orchard on the Burbank place in California in which are grown trees from which 29 species of plums have been taken.

"He has done something no other man has done," continued Dr. Eccleston, "he has hurried nature. It requires from four to six years for a cherry tree to produce fruit, but Mr. Burbank planted a cherry seed and in thirteen months the tree gave forth cherries." Dr. Eccleston then showed a picture of the "baby" cherry tree.

Sixteen years are required for a chestnut tree to bear nuts, but the Burbank lecturer displayed a picture from the Burbank farm of a chestnut seven months old which bore 65 nuts.

"Mr. Burbank," continued the lecturer, "thinks people should be surrounded by the beautiful in life and he has given as much time to flowers as to fruit. He took a daisy which is normally only three-fourths of an inch in diameter and experimented until he perfected a daisy five inches in diameter. After fifteen years of labor, he developed the daisy with hundreds of petals, whereas normally the daisy petals are uniform and are not very numerous."

Dr. Eccleston had slides illustrating the development of the Burbank daisy and he also showed the wonderful development of the walnut tree, the perfected species being known as the Burbank royal black walnut. Trees of this kind are grown on the Burbank place 80 feet high, 24 inches in diameter and 72 inches in circumference in a short period. The walnut, without assistance, would not reach that size in less than 150 years, Dr. Eccleston said.

The lecturer had some views of what he chose to call "submarine tomatoes"—tomatoes grown underground on a potato vine, and also razorback potatoes—potatoes grown above ground on a tomato vine.

Dr. Eccleston detailed the wonderful achievements of Mr. Burbank with flowers, by slides showing the comparison between the common species and the Burbank flowers, into which he had woven beautiful colors, never a suspicion of which

## TO RESTRAIN FARM TENANT

G. W. Thomas and S. W. Riley Bring Suit Against Frank Warrick

George W. Thomas and Samuel W. Riley have filed suit against Frank Warrick, asking for a restraining order to prevent Warrick from pasturing cattle and hogs in a forty acre field of young rye. Thomas has a suit for possession of his farm pending in the circuit court against Warrick. The complaint alleges that Warrick has turned a large number of cattle and hogs in the field of rye and as the ground is soft the tramping of the cattle and hogs is damaging the stand of rye.

## START OUT TO SEE LITTLE OF WORLD

Lewis Stephen, 12, and Wade Byrd, 14, Are Caught as They Leave Train at Richmond

### PARENTS KNEW NOTHING OF IT

Lewis Stephen, 12 years old, and Wade Byrd, 14, became tired of going to school and started out yesterday to see a little of the world. They got as far as Richmond where they were picked up by the police as they got off a C. & O. freight train. The police here were notified and told the parents of the boys where they were even before the parents knew they had gone. The Stephen boy resides at 638 West Eighth street and the Byrd boy at 1,025 North Arthur street.

They left here on a C. & W. freight, going to Cottage Grove where they caught a C. & O. train to Richmond. The boys did not show up at home after school and nothing was thought of it at the time. Before six o'clock the police had word as to where the boys were. The Stephen boy has run away from home before, but this was the first trip for the Byrd boy.

## U. S. TROOPS MAY LEAVE MEXICO SOON

Border Agreement Likely to be Reached by American-Mexican Commission at Once.

### CARRANZA TO CHASE BANDITS

(By United Press.)  
Atlantic City, N. J., Nov. 14.—General Pershing's column will be out of Mexico soon, if present plans of the American-Mexican peace commission materialize.

The commission proposes to reach a border agreement, probably before the week ends. With doubt over the election passed, the commission put in its finishing work.

As tentatively arranged, the border agreement will call for immediate or gradual retirement of Pershing's men below the boundary. In the meantime Carranza will endeavor to show good faith by having government troops prosecute the hunt for bandits.

The proposed agreement will likewise go towards adequate security of the border, with the Mexicans assuming a larger share of its protection.

Harry Davis of Connersville has accepted a position at the Ninety-Nine Cent store, replacing S. W. Camp, who has moved to Fort Wayne where he has another position.

—Mrs. S. O. VanOsdol of Newcastle is here for a visit with her son, Dr. D. D. VanOsdol and family.

## TO INVESTIGATE THE CAMPAIGN

Senate Will Examine Expenditures of Both Parties, Administration Leaders Declare

### CHARGES BY THE WHOLESALE

Department of Justice Promises to Get Violators of Federal Election Statutes

(By United Press.)  
Washington, Nov. 14.—A thorough investigation of campaign expenditures will be made by the United States senate at its coming session, it was announced today by administration leaders.

This would be the answer to the reluctance of the republican national committee to accept the re-election of President Wilson. Administration leaders declared charges of both democrats and republicans of improper use of money already had made it necessary that the whole matter be sifted.

Administration men said they are receiving reports from all parts of the country indicating unprecedented funds were thrown into doubtful states by the republican national committee.

In an official statement this afternoon the department of justice announced that the fact that the election has passed will in no way lessen the activity of the department against violators of federal election statutes.

The department also put an absolute clamp on all further details of alleged violations, announcing that no further information would be given the public until prosecution of the cases was actually begun. This action, it was explained, was necessary to facilitate apprehension of violators.

## CALLS CHARGE OF FRAUD A BIG JOKE

Republican State Committee Laughs at Rumored Contest of Watson's and New's Election

### DISPATCH FROM WASHINGTON

The Indianapolis Star today says that charges of fraud contained in a dispatch from Washington to the Chicago Tribune, were characterized as a "joke" last night at the headquarters of the republican state committee.

The dispatch says that disgruntled democrats have made plans to contest the election of James E. Watson and Harry S. New of Indiana and Howard Sutherland of West Virginia to the United States senate. The dispatch continues:

"It is charged by democrats that \$2,000,000 was spent by the republicans of Indiana and a great quantity of money by the republicans in West Virginia and that negroes were illegally voted in both states. It is said that 2,000 negroes, many of whom recently migrated from the South, were colonized at Gary, Ind., but the republicans got cold feet at the last moment and did not try to use them. In other places, however, many negroes not entitled to vote under the laws of Indiana and West Virginia, respectively, did vote."

Lafayette Johnson, a well known farmer living near Raleigh, has suffered considerable pain the last few days as the result of having been bitten on the hip by a mule. The teeth of the mule tore the ligaments and he has suffered great agony. The accident occurred last Saturday.

**GRANDMOTHERS MEDICINES**

Our grandmothers were wise in the virtues of the herbs of the field. They used to gather and store roots and herbs and use them to cure the ailments of their families—wormwood, thoroughwort, sage, rue, camomile—the list might go on and on of the healing plants with which they made us familiar.

Now their grand-daughters get the extracts from just such good old roots and herbs, from the nearest druggist, ready prepared for use. One such medicine, which women find best for their own ailments, is the well-known Lydia E. Pinkham's Vegetable Compound—(Adv.)

## FARMER COULD SET NEW RECORD

Able to Do More Work Than Ever Before Since Taking Tanlac

Fort Wayne, Ind., Nov. 13.—During one of the many discussions held in this city each day regarding Tanlac, Fred Blum, a farmer, who lives on rural route No. 15, said:

"I had kidney trouble for fifteen years and muscular rheumatism also bothered me. Pains in the small of my back sometimes were so severe I couldn't rise. The rheumatic pains also were severe, especially in my knees and elbows.

"I believe I could do more work today than I ever did before in my life because since taking Tanlac I'm not bothered with troubles. The pains in my back have vanished entirely and the rheumatic pains are about gone. The results I have gained really are wonderful."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness and the like and is a fine blood purifier and a body builder. Tanlac is now sold exclusively in Rushville by F. E. Wolcott, in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's.—(Adv.)

#### Question of Citizenship.

Just at this time the question of neutrality is claiming much attention, and the matter of the attitude of our government toward the warring nations of the Old World is one of deep concern. And owing to the fact that our government has had to settle some knotty international disputes arising from the war, a rather

mixed up condition of affairs is prevailing in this country.

The disputes with Germany and with England have developed a pro-German and an anti-German element, a pro-British and an anti-British. We are told that we must concede every claim of Germany or lose the sympathy of the German-Americans. We are also told we must conciliate Britain or alienate a large Anglo-American element.

Now the thought that naturally occurs to the patriotic American is: What is the attitude of these various elements toward our government? Are they American citizens or aliens? That is a question to be settled.

If this pro-German or pro-British element with whose vengeance we are threatened, are aliens—not American citizens—then their likes and dislikes are of small concern to us. If they do not like our attitude let them go back to their own country.

If, on the other hand, they are American citizens, then another and very large question arises. Are they citizens for revenue only—holding citizenship for the material good to be derived therefrom while their hearts and affections are with the old country? Then the sooner they come out in the open the better for this country. Are they here to call the sweets of the land and refuse to take the bitter? It is their intention to enjoy the protection of our laws and our institutions while their hearts are with those who may at any day become our enemies?

To the man who has crossed the waters to east his lot in America, citizenship should be the most precious of his possessions—is so to the man who is worthy of it. He should be as the bride who leaves her father's house to cast her lot with her chosen mate—for good or ill.

The man who takes citizenship should do so for good or for ill. One sentiment, and only one, should fire the heart of every American, native or naturalized, and that should be: "My country—may she always be right; but my country, right or wrong."

And, with due respect to the opinions of our political jingoes, we believe this is the sentiment of the great mass of our foreign born citizens. We can not believe they are more solicitous for the welfare of the land they have left than for the land that has afforded them a home and plenty. Naturally, fond memories cluster around the old home, but the allegiance of their manhood lies here.

And, should the occasion call for it, we believe that allegiance will hold firm.

### STUBBORN ECZEMA HEALED BY AMOLOX

The New Discovery for the Relief and Cure for Chronic Skin Diseases

We are daily receiving letters of praise from people who have been cured by Amolox. Many of them tell how, for years, they have tried different remedies and doctors in the vain effort to find relief. Some become discouraged and lost all hope of ever being cured. E. E. Frisbee, 137 Sycamore St., Mansfield, O., writes: "Our baby's face was covered with eczema scales, sores and scabs. She was a pitiable sight. We tried everything. Took her to Pittsburgh doctors but were unable to find any relief until we used Amolox. It cured her within a short time."

Amolox ointment alone will quickly banish pimples, blackheads and take out all redness of the skin and cure most forms of skin disease. Bad, chronic cases of Eczema, Psoriasis, Tetter, that have lasted for years, yield more quickly when both ointment and liquid are used.

Send postal for free sample to Amolox Laboratories, Youngstown, Ohio. Try Amolox today. Trial size 50c. If it fails to do what is claimed of it money will be cheerfully paid back by HARGROVE & MULLIN, Druggists, RUSHVILLE, INDIANA.

The offer of an \$8.00 set of kitchen ware FREE to every purchaser of a MAJESTIC during demonstration week is genuine. It is an out and out gift to every purchaser of a MAJESTIC range and the price of this range, with a reputation remains the same. ### HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you  
Darken Gray, Faded Hair  
with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

H. Gilby, of Chicago, was visiting relatives in Corvallis while on her way to Shanghai, China, where her husband is manager of the Amos Bird Company, freezers of eggs. Standing by itself that little personal item meant very little, but to one who thoughtfully considers its significance, it means much. Mr. Gilby went from Chicago, in the heart of one of the largest agricultural sections of the United States, to Shanghai, China, to engage in freezing Chinese eggs to be shipped to America to be sold in competition with the eggs produced by his former neighbors in Wisconsin, Illinois, Iowa, Ind., Mich., and all that agricultural territory tributary to the central metropolis. It was the removal of tariff on eggs that made it possible for the Chinese producer to sell his products in the United States. The removal of that tariff also induced the Amos Bird Company to take its good American money over to China to invest in the egg freezing business. Thus the Underwood law encouraged the development of Chinese industry and discouraged the farmers of the United States who sometimes find it difficult to get a profitable price for eggs, notwithstanding the high price the consumer usually pays, and is now paying.

The declaration of the Indianapolis Star that the election was not a vindication of the democratic party and its policies but a personal victory for Woodrow Wilson seems to be born out by returns. Latest advice are that the lower house of congress is republican by two votes.

The "high cost of living" is high enough to scare any one but a millionaire, and it is doubly so when waste and extravagance prevails in the kitchen. The cost of a bit wasted is not much in itself alone, but multiplied many fold it becomes a serious matter.

## DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

## RAILWAY STRIKE LOOMS UP AGAIN

Threatens to Overshadow Other Questions as it Did Near Close of Last Congress

### DEVELOPMENTS ARE AWAITED

(By United Press.)  
Washington, Nov. 14.—The railroad situation loomed up again today as threatening to overshadow, as it did in the closing day of congress, all other questions before the administration.

Conferences in New York between railroad heads and brotherhoods on the operation of the Adamson 8-hour law, having failed to bring an agreement, the administration is keeping a close eye on developments.

It is the belief here that no complete disagreement can result between the employers and the men, with a consequent renewed call for a strike, without interference of President Wilson. The question of strike prevention is expected to be foremost among those discussed by the joint house and senate committee when it begins meeting here next Monday.

## TO MAKE LAW WORTHLESS

Plan of Railroads if Hughes Won, Railroad Men Declare

(By United Press.)  
New York, Nov. 14.—That the railroads hoped for some way out of making the Adamson law effective in event of Hughes' election is the belief today of high railroad brotherhood men. Some of them declared secretly that yesterday's conference over operation of the law was called solely because President Wilson was re-elected. On the other hand, they charged that the railroads hoped for a change in the law if Hughes was elected.

## RULES AGAINST COUNTY HOSPITAL

The county hospital project, which has been one of the highbears' hot on the trail of the county commissioners for more than a year, received a setback Tuesday morning at the hands of Judge Sparks of the Nashville circuit court, who sustained a demurrer to the complaint filed by the defendants, says the Newcastle Courier.

Judge Sparks who was chosen to hear the arguments in this case, Tuesday morning upheld the contentions of the county in its defense against the suit brought last spring by local doctors to force the county to go ahead with the project and erect a county hospital.

The demurrer claimed that the act of the county commissioners was purely a ministerial act and not a judicial one, and therefore the commissioners had power to revise, revoke or modify, and that the action of the commissioners in revoking the order entirely was perfectly legal.

The plaintiffs contended that the act was judicial and could not be revoked by the commissioners, taking the stand that the order once said could not be taken back. The court ruled that the costs be assessed against the plaintiffs.

## TO FOLLOW LEAD OF WEST

Eastern Railroads Will Bring Suit to Test Adamson 8-Hour Law.

(By United Press.)  
New York, Nov. 14.—Eastern railroads are going to follow the lead of western roads and file suit to test the constitutionality of the Adamson 8-hour law, according to rumors in railroad circles here today. Within the next ten days regardless of action of the brotherhoods, it is expected these suits will be filed.

## Why Shamed by Blotchy Skin

If you are a sufferer from Eczema or unsightly pimply skin, you know just what it means to have that humiliating, backward feeling about meeting strangers and oldtime friends. Great Britain Insists She Has This Right in Reply to American Blacklist Protest

### TO BE NO SECOND BOYCOTT

(By United Press.)  
Washington, Nov. 14.—Great Britain insists she has the right to limit the trade of British subjects. This is the tenor of the British reply to the American protest against the black list, it was learned today. This reply will be made public tomorrow.

It is understood, however, that the British government declares there will be no amplification of a second boycott of purely American firms which may have some connection with blacklisted firms. This is to apply so long as no American firms attempt to act as a blind agent for a blacklisted firm.

### Wednesday

Pythian Sisters, in K. of P. hall, in the evening.

Sunshine Embroidery Club with Mrs. Ed Aikin of Raleigh, in the afternoon.

Band of Workers, with Mrs. B. O. Simpson and Mrs. Laura Carmichael at 433 North Main street, in the afternoon.

Ladies Aid society of the First Baptist church, with Mrs. B. W. Reynolds, at her home in West Fifth street in the afternoon.

The meeting of the Wednesday Afternoon Card Club, which was to have been held with Mrs. Rich Reed tomorrow afternoon, has been postponed for two weeks.

Mr. and Mrs. Sam Brannan and daughter, Nellie, and Mr. and Mrs. George Lowden were the dinner-guests Sunday of Mr. and Mrs. John T. Cassidy of southeast of the city.

Mr. and Mrs. Ben Humes entertained at their country home south of the city Sunday evening at supper when their guests were Mr. and Mrs. Louis Mauzy, Miss Helen Scudder, Miss Jeanette Clark, Scott Buell and Robert Humes.

Mr. and Mrs. George Sness, Mr. and Mrs. O. P. Wamsley and daughter Kathryn, John D. Hiner and Mrs. Edward Stumpf of Cleveland motored to the home of the Rev. and Mrs. J. T. Scull near Milroy Sunday evening where they were entertained at dinner.

Mr. and Mrs. William Angle entertained at their country home northwest of the city Sunday. Mr. and Mrs. Walter Brodie and son, Paul, of New Salem, Mrs. William Stuttle of Wichita, Kan., Mr. and Mrs. Nick Lecker and sons, Claude, Wilbur, and Harry, of Milroy, and Mr. and Mrs. Roy Angle of this city.

Mr. and Mrs. Homer Nash entertained at their home north of the city a number of their friends and relatives at dinner Sunday. Those enjoying the elegant repast which was served were Mr. and Mrs. William Perry, Mrs. James Clemons, Mr. and Mrs. Frank Sefton, Mr. and Mrs. Charles Clemons and family and Mrs. Williams of Greensburg, Mr. and Mrs. Walter Sefton of Milroy, Mrs. O. L. Nash and Mr. and Mrs. Voorhees Cavitt of this city.

An enthusiastic meeting of the "Wide Awake" was held with Miss Virginia Haydon at her home in North Main street last evening. The Sunday school class of the St. Paul's M. E. church taught by Miss Helen Scudder was so named last

evening. The class was recently made into an organization and will meet regularly. Fourteen members of the class were present last evening. Games were played and a general good time was enjoyed. The hostess served dainty refreshments.

One hundred friends of Mr. and Mrs. John Herkless surprised them at their beautiful country home near Mays Saturday evening in honor of their fifteenth wedding anniversary. The affair was a complete surprise to Mr. and Mrs. Herkless when the crowd of friends burst in upon them, bringing with them baskets containing an elegant supper. This was served and a jolly evening ensued. Mr. and Mrs. Herkless received a large number of beautiful gifts.

Although the inclemency of the weather prevented a large number of the members from attending the meeting of the B. Y. C. D. class held with Mrs. Mae Lancaster last evening, an interesting meeting was held. Although there was no formal business discussion, indefinite plans for making more money and schemes will be taken up more definitely when the basement of the new church is completed. The hostess served delicious refreshments. The next meeting of the class will be in two weeks and the place of meeting will be announced later.

The talk given by Mrs. MenMuir at the meeting of the Queen Esther Circle at the home of Miss Gladys Bebout in North Perkins street last evening made the evening a very profitable one. Beginning with the story of Queen Esther, she recited it in an interesting way, then merged into the formation of the Queen Esther Circle. The work that this branch of the Home Missionary society is accomplishing was complimented by Mrs. MenMuir. In emphasizing this, she read a number of clippings from the Home Missionary society paper giving the work that young people were accomplishing in missions all over the world. During the business session, following the program, a program committee and ways and means committee were appointed. A beautiful duet was sung by Miss Louise Poe and Miss Esther Anderson and Miss Lois Reeves played a lovely violin solo. During the course of Mrs. MenMuir's talk, she asked the girls to sing the Queen Esther song. Each of the members was allowed to invite one guest, making about twenty present. The hostess served delicious refreshments. The next meeting of the Circle will be in one month.

The excellent program given at the meeting of the Young Ladies Mission Circle of the Christian church at the home of Mrs. Wilford Grindle in North Main street last evening, made it an especially profitable meeting. Miss Emma Casady gave a report of the missionary convention at Des Moines, Iowa, deal-

ing particularly with the part of interest to the Circle. Miss Florene Gronier, had charge of the Bible Study on Abraham; Mrs. Charles Boys gave an interesting discussion of "Our Neglected Sister Mexico"; and a beautiful piano duet was played by Mrs. Wilbur Wilson and Miss Hazel Woollen.

A vote of praise and appreciation was offered to Mrs. J. D. Case for her appointment to the national executive board of the Missionary society. Rather indefinite plans were discussed for spending a day at the College of Missions in Indianapolis in the spring. At this time the members of the local Circle will motor to Indianapolis, and have the teachers and students of the College of Missions as their guests at a picnic dinner. Dainty refreshments were served at the meeting last evening by the hostesses who were Mrs. Grindle, Mrs. Ida Bearinger, Miss Lillian and Miss Ruth Bennett and Miss Emma Casady. The next meeting will be at the home of Miss Marie Clawson in one month.

"Modern Music" furnished the program for the Ladies Musical given at the court house in the assembly room yesterday afternoon before an excellent attendance of the organization. Miss Alice Norris and Mrs. F. E. Wolcott planned the program which was a musical treat from beginning to end. The numbers included; piano quartette, "Caliph of Bagdad" by Boieldieu, by Mrs. Aldridge, Miss Jennie Madden, Miss Olive Buell and Miss Alice Norris; vocal solo, "Bedouin Love Song" by Piusniti, by Mrs. Roy Magill; paper on "Modern Music" by Mrs. J. T. Paxton; piano solo, "Concert Study" by Liszt, by Mrs. Parke; vocal duet, "The Harp of the Winds" by Frank Abt, by Mrs. Esther McCloud and Mrs. George Wiltse; piano solo, "Arabesque" by B. Wendell, by Miss Charlotte Tribbey; "Sunset and Evening Star" double quartette by Mrs. Whitsitt, Mrs. McCloud, Mrs. Wiltse, Mrs. Wolcott, Mrs. George, Miss Leonora Norris and Mrs. Nora Morgan; piano duet, "Mazurka" by Nevin, by Miss Fannie Stiers and Miss Helen Black; vocal solo "Valley of Laughter" by Sanderson, by Mrs. Charles Offutt; reading by Miss Frances Frazee; vocal solo, "Chain of Roses" by Ed Teschemacher, by Mrs. Francis Moor; piano quartette, "Gallope de Concert" by Milge, by Mrs. Aldridge, Miss Jennie Madden, Miss Alice Norris and Miss Olive Buell.

Pink and white was the pretty color scheme carried out at the meeting of the O. N. T. Club this afternoon at the home of Mrs. George F. Moore in East Sixth street. Chrysanthemums and carnations of these shades formed the many bouquets brightening the rooms. After a pleasant social afternoon together, the hostess served a delicious luncheon in which pink and white was also daintily carried out. The next meeting will be held with Mrs. George Osborn in two weeks.

The first meeting of the D. A. R. for the fall season will be held Thursday afternoon at the home of the regent, Mrs. Capitola Dill, in North Morgan street. At this meeting a report on the state conference will be given and Miss Emma Casady will read a paper on "Our Southern Mountaineers." This will be followed by a social hour. Mrs. Dill will be assisted by Mrs. Sadie Allen, Mrs. Mildred Amos, Miss Eva Ball and Mrs. Mable Bever. A business meeting will be held before the program and all of the officers are asked to come early.

The pretty country home of Mr. and Mrs. Albert Brannan was the scene of a delightful affair last night when they and their daughter, Miss Nelle entertained at six o'clock dinner the following guests: Mr. and Mrs. George Loudon and Mr. and Mrs. J. B. Hall and children, Betty Jane and Hugh. The table was adorned with pink and white blossoms and ferns.

Miss Frances Frazee attended the meeting of the Woman's Press Club of Indiana, of which she was recently elected a member, at the Se. in Hotel in Indianapolis today.

Dr. Gilbert's Sunday school class will have a Thimble party next Tuesday afternoon at the home of Miss Lucy Inlow, in North Perkins street.

## A Complete Girl's Store

Everything that girls wear is to be found here in ample assortments, in a full range of sizes and prices and in qualities unquestioned.

The same care and discrimination is used in the selection of girl's wear as in that of ladies. This means that the school girl is permitted to partake of the same style and individuality as does her mother. When you next contemplate making new garments for your daughter, first see those that we offer you ready-made; note the style that you cannot possibly obtain; note that the fabrics are the very best; and then compare the prices of the finished product. Ready-made garments for girls are as far ahead of those made at home as the automobile is ahead of the horse-drawn vehicle.

### Dresses For Special Occasions

# NO TOUCHDOWN IN EIGHT YEARS

While Navy Has Won From Army Several Times They Did It by Kicking.

OUT FOR REVENGE THIS YEAR

Annual Game at Polo Grounds Nov. 25 Promises to be Hard Fought as Usual.

(W. P. Staff Correspondent.)  
New York, Nov. 14.—When the Army and Navy football teams go into action for their annual meeting at the Polo Grounds on Nov. 25, there will be a goal besides victory for which the Navy probably will play as hard as for victory.  
Victory can come by drop-kicks, place-kicks, or safeties, but a touchdown is a touchdown, and the Navy hasn't put over one of that kind of scores on the Army since 1907 when Capt. Ben Douglas had the pleasure of falling over the Army goal line.  
The middies have a stronger scoring team this year than has represented the Annapolis school for some time, so it is reasonable to believe they will be able to put a dent in the "Cadets' goal. They were equal to the task of slapping a close score against the powerful Pittsburgh eleven, and with this to go on it is able to hold them entirely free from a touchdown.  
Many a football star has had a chance to plant a football between the Army goal posts for the Navy since Douglas laid over that touchdown, but four classes have quailed their way through the school and out into their duties aboard Uncle Sam's battleships without seeing the Navy teams accomplish that touchdown.  
Defeat hasn't been their lot in those intervening years every year. Field goals have brought the future admirals victory three times in the seven games played since then. In 1908 Lange kicked a goal from placement, but the Navy lost, 6 to 4, field goals counting four points at that stage of football. The 1909 game was called off because of a death at West Point. In 1910 Dalton booted one over the Army goal posts and the Navy won, 3 to 10. In 1911 Dalton repeated his stunt and the Navy won by the same score. Brown made two field goals in the 1912 game and the Middies won their third consecutive victory, 6 to 0.  
The 1912 game was the last to go to Annapolis. In 1913 Brown three times sent the oval over the Army goal posts, but it wasn't enough, the Army winning, 22 to 9. In 1904 and in 1915 the Army won.

# SENATOR TAGGART OPENS APPLE SHOW

Delivers Address at Start of Annual Event—Good Display Despite Shortage.

PRIZES AMOUNT TO \$2,000

(By United Press.)  
West Baden, Ind., Nov. 14.—Senator Thomas Taggart delivered the address opening the annual apple show of the Indiana Horticultural Society here today. In spite of the fact that there was a shortage of the Indiana apple crop this year, the exhibits were large enough to fill the entire atrium of the West Baden Springs hotel. The atrium covers three fourths of an acre. This year the variety lists were enlarged and the exhibits were divided into classes to accommodate growers of more different kinds.  
More than \$2,000 are offered as prizes. The list of big prizes has made the display one of the leading events in appledom of the United States. It is annually attended by apple growers, apple buyers and apple eaters from the Rocky Mountains to the Alleghenies.

"Got my feet wet and my clothes damp. I was dressed rather warm and I went from one store to another and I caught cold. I felt the effects coming home and I could hardly talk—'ker choo, my!'"

"John you go right over to the drug store and get me something for this cold, I feel so miserable and all fagged out." (John goes to the nearest drug store and gets a bottle of Dr. King's New Discovery for coughs and colds.)

"I'm so glad you got Dr. King's New Discovery, John. Why I remember when I was a little girl how mother used to give me this for colds, it's certainly pleasant to take and soothes the irritated throat and relieves the congestion, the first spoonful makes me feel better already."

John says: "The druggist told me that Dr. King's New Discovery was an old preparation and that he had sold it as long as he has had the store and when he used to be a drug clerk. He felt pretty sure it would fix your cold and I had seen it advertised. Glad you found an old friend." You try it.

## COEDS SPEND MORE THAN LUSTY YOUTHS

Girl Students at Minnesota Uni-  
versity Freer With Money  
According to Statistics.

### GRADUATED DENTISTS HIGH

(By United Press.)

Minneapolis, Minn., Nov. 14.—  
Girl students at the University of  
Minnesota spend more money than  
male students. This is shown today  
from figures compiled by the Uni-  
versity. These show that girls pay  
\$118 a year for clothing, finery and  
the like, and only \$24 a year for  
books. Men pay \$62 a year for  
clothes, and \$44 for books. Girls  
pay more for board and room. But  
for miscellaneous expenses and re-  
creation, the boys, on the average  
"goats," for the girls' theatre tickets  
and the like, spend \$62 a year while  
the girls spend \$50.

It costs \$456 a year to produce a  
graduated dentist, while a chemist  
gets by for \$369 and an agricultur-  
ist shakes that down for only an av-  
erage of \$441.

### KIPLING WAS RIGHT

Greensburg, Ind., Nov. 14.—

Kipling was right when he said  
"the female of the species is  
more deadly than the male,"  
when the statement is applied  
to the human race. This ver-  
dict was rendered by William  
Bennett who witnessed a real  
scrap between a man and his  
wife in a depot here. The wo-  
man became angry at her hus-  
band about a trivial matter  
and with one man as witness  
and referee, she administered  
a severe defeat.

## DR. FRUTH

is direct from NEW YORK CITY

where he has had the advantage of training in the largest Hospitals which are devoted to  
the treatment of Chronic Diseases and Disorders. In addition he is a graduate of one of the  
largest General Hospitals in New York City, as well as being a duly graduated and licensed  
physician in the State of Indiana. This training combined with a number of years expe-  
rience and practice has served to make Dr. Fruth thoroughly proficient and expert in the  
treatment of all long standing and persistent Chronic Diseases. His methods of treatment  
are the latest and most modern known to science and which, in his own enormous expe-  
rience have been absolutely successful. Every patient who consults this Specialist is given  
a thorough and exact explanation of their condition, and accurate conditions or diseases  
for which nothing can be done are not accepted for treatment.

### Dr. Fruth Succeeds Where Others Have Failed

If you have suffered for months or years with a Chronic Affliction, you owe it to your own  
best interests to consult a Specialist who has fitted himself by years of study, training and  
experience to treat you correctly and therefore successfully. Do not delay but arrange to  
see Dr. Fruth at your very earliest opportunity, for the earlier any disease is properly  
treated the more assurance that it will be promptly and permanently cured.

### The Following Diseases, Disorders, Conditions and Afflictions are

Scientifically and Successfully Treated

Eye, Ear, Nose and Throat including  
Catarrh, enlarged and diseased tonsils,  
adenooids, epistaxis and polyp of the nose,  
deafness, ringing in the ears, inflamma-  
tion of the eyes and granular lids.

Diseases of the Heart and Blood Vessels,  
which cause palpitation or fluttering of  
the heart, blueness of the lips and nails,  
shortness of breath, cough, and swelling  
of the legs and ankles.

Diseases of the Lungs and Air Passages,  
prolonged cough, progressive loss of  
weight and strength, afternoon fever,  
night sweats, and spitting of blood  
meant tuberculosis or consumption.  
Do not be in doubt but learn the truth  
by an examination.

Diseases of the Stomach and Intestines,  
giving rise to pain, nausea and vomit-  
ing, gas formation, diarrhoea, consti-  
pation, and prolonged attacks of dys-  
pepsia and indigestion.

Diseases of the Kidneys and Urinary Or-  
gans, science has perfected simple tests  
which absolutely prove or disprove the  
presence of kidney inflammation, chief  
among which is Bright's Disease. There  
need be no doubt if properly examined.

Diseases of the Rectum, Anus and Spleen,  
and piles cured without the knife or  
detention from business or work.

Gall Stones and Gleet or "Blis Neck," suc-  
cessfully treated without operation.

Do you suffer with headaches, epilepsy or  
"fits," paralysis, neuritis, "dizziness,"

The Glory of Pioneering. "Billowy prairies spreading afar, Vanishing hills where all my loved ones are. Shall I return while yet 'tis day. Or shall I enter upon the unknown way."

This song of the pioneers must have helped them greatly when they were dubious whether to continue on their hard way or return home to their loved ones.

Three cheers for these brave men who sacrificed homes and families, journeying into the far wastes for civilization's sake. When we celebrate the birthdays of the great men of our country let us not forget the unknown heroes who died alone and unknown on the great plains in order that habitation might extend into the far West.

While both Washington, "The Father of His Country," and Lincoln, "The Savior of His Country," deserve unlimited glory, neither of them had hardships surpassing those which many pioneers endured in their ceaseless labors on the great wastes.

Were it not for the pioneers who braved the dangers of the wilds,

traveling on horseback and in prairie wagons, riding far into the night and camping by some forest's edge until early morning when they might again continue their hard journey, the great western cities would be wild plains. There would be for us no wonderful Yellowstone Park or Sunny California. The United States would extend half way across the continent only—no further than the great mountains which we love so well now we have conquered them.

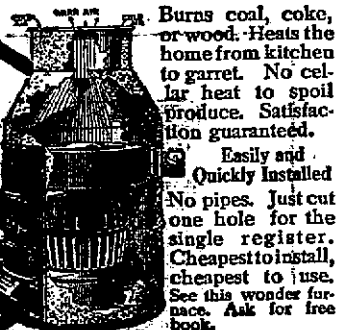

Hats off, we cry, to the brave men who performed the daring feats which have made all this possible. We envy the honor given every man or woman who has done anything for the betterment of our wonderful land. No glory can be taken from them, while we, enjoying their achievements, are a bit disappointed that we can not show our mettle like them.

But cheer up. We can be pioneers in a different sort of way—in studies and research and social betterment. So there lies some glory for us too—without the hardships, perhaps, but with the same opportunity to win the admiration of posterity.

# ADMISSION DAY TO BE OBSERVED

Indiana Historical Commission  
Sends Out Call For Celebra-  
tions of 100th Anniversary

DECEMBER 11 IS THE DATE

Centennial Chairmen in Each County  
Urged to Attach Special Signi-  
ficance to It

Indiana has this year seen a great outburst of state loyalty and patriotic enthusiasm occasioned by the observance of its one hundredth anniversary. Results of great significance to the citizenship of the State have been attained and the Indiana Historical Commission looks with much satisfaction, therefore, upon the work which has been accomplished under its auspices. To all those who have heartily co-operated toward this success, the Commission feels warmly grateful. The Commission continues in a bulletin on this subject:

While it is felt that the substantial work laid out for the year has been largely performed, the Commission calls general attention to the fact that Admission Day, December 11, should be widely observed over the State, in accordance with Governor Ralston's proclamation making it a public holiday. It is therefore requested that appropriate Admission Day exercises be held throughout Indiana. These need not be elaborate at all, especially in those counties which have had adequate Centennial celebrations. But in all counties it would certainly be fitting to hold simple, dignified services in commemoration of the formal admission of our Commonwealth into the Union. Such should naturally be arranged by the county chairmen, especially when held as county observances.

In addition to this, it is suggested that the schools hold exercises. In some cases it may be advantageous to combine that of the school with that of the community as a whole. As a tentative program for the schools the Commission has prepared an outline which may be found in the Teacher's Manual of uniform course of study, page 198, and Teachers' Institute outline for 1916-17, pages 49-50, issued by the State Board of Education. Patriotic and civic organizations and clubs are likewise encouraged to observe the day especially where only initiative is not taken. For such, the aforementioned outlined program may offer some helpful ideas. The Commission has this general recommendation to offer—that these Admission Day exercises be community, home product, affairs, as regards those participating. Whether it be in the speeches or music or other contributions, may it be a home tribute by home people.

Finally it is recommended that on December 11, the Stars and Stripes be displayed, not only by public and business houses but by Hoosier homes, throughout Indiana.

That ought to  
cheer you up a lot!

## DECREE EFFECTIVE TODAY

Mining Interests Watch Outcome of Carranza's Order.

(By United Press.)  
Washington, Nov. 14.—What is generally considered one of First Chief Carranza's most important decrees—the one to mine owners in Mexico to either resume work or forfeit their property becomes effective today. It was issued September 14 and made effective at the end of sixty days.

Holders of mine property in Mexico have taken a lively interest in the decree but have been unable to learn anything about the action the government will take. Many have been unable to do as directed.

## INSPECTORS NOW WATCH DANCERS

You Don't Have to Watch Your Step in Cleveland Dance Halls —Has 30 Assistants.

### THEY FOLLOW SET OF RULES

(By United Press.)  
Cleveland, O., Nov. 14.—You don't have to watch your step when you dance in Cleveland. Dance Hall Inspector Johnson will do it for you.

With his little book on rules, Inspector Johnson attends all public dances and turns on the "sun" when he finds "moonlight dances" in progress.

Today Inspector Johnson lined up thirty patrolmen, who are to assist him, during the season and demonstrated his rules.

"No flirting or spooning," charged Johnson, "and see that Rule 21 is observed."

In the code book Rule 21 reads:—"All dancers must keep their hands above the waist line of their partners."

## Ask For Reasons

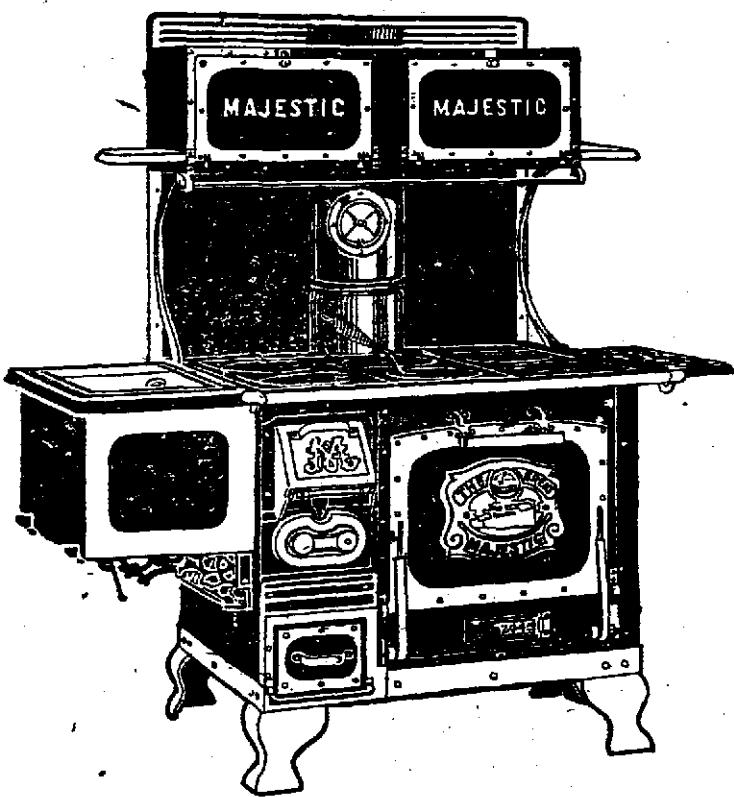

Do not simply take anyone's word for it that any particular flour is best. Find out what it is good for. Ask for reasons. If answers seem good, try the flour. Settle the flour question for yourself.

### Use Indiana Guarantee-Labeled Flour

Soft winter wheat flour, made in Indiana, is best for you because it is easiest to handle, because it gives a finer flavor to your baking, and because you can use it successfully for bread, rolls, cakes, and pastries. It is an all-purpose flour. Use it and see if it won't help you to settle the flour question yourself. The "Know Your Flour" label is your guarantee of purity and quality in flour made in Indiana.

# Special Demonstration and Sale Great Majestic Ranges

"The Range with a Reputation"

For One Week Only  
Commencing  
Monday, November 13th

During this week we will have a special demonstrator from the Majestic Factory to explain how the Majestic is made and why it is absolutely the best range; why it lasts longer and cuts down repair expenses; why it bakes bread evenly, top, sides and bottom without turning; why it uses so little fuel and saves food waste. He will explain its labor saving construction and why it heats an abundance of water good and hot—a mighty convenient and useful thing to have a big supply of hot water always on hand isn't it.

To buy a range by mail is almost certain to end in disappointment and loss of money. It may be "exactly as represented" yet not be what you thought it was nor what you wanted.

Here you can see every part of the Majestic—you can know what you are getting before you buy. Decide now that you will discontinue using that old, worn-out range. You will save money in fuel, repairs and cooking. Buy a Majestic—the range with 25 years' reputation. The demonstrator will answer any questions relating to stoves.

## This \$8.00 Set of Ware---or Set of ALUMINUM WARE---FREE

As a special inducement during our demonstration week only, we will give with every Majestic sold, one handsome set of kitchen ware as illustrated. Every piece is the finest of its kind and the entire set cannot be purchased for less than \$8.00. The price of the Majestic remains the same as always and the quality of the stove is the same. This kitchen ware is an out and out present. See it at our store.

### Everybody Welcome

Even though you do not want to buy a new range right now, it will be worth your while to attend this demonstration and know all about the Majestic Range. You are placed under no obligation to buy.
